FROM: Frank J. Filas, Reclamation Engineer 

RE: Site Inspection, DOE/019/002, Cottonwood & Almost

On June 1, 1987, Frank Filas attempted to reach the site of this 1976 DOE from the south. The road ended one mile shy of the Almost Claim. There are numerous old uranium mines in this area, and all of them are less than one acre in size. They are of minimal risk to the public due to their remote location. It is recommended that this file be retired.
